- Operate first aid equipment according to manufacturer's instructions
- Monitor the casualty's condition and respond in accordance with first aid principles
- Accurately convey incident details to emergency response services
- Report details of incident to workplace supervisor as appropriate
- Maintain confidentiality of records and information in line with statutory and/or organisational policies
- Recognise the possible psychological impacts on self and other rescuers involved in critical incidents
- Participate in debriefing to address individual needs

Who Can Attend?

This course is for those with existing first aid experience and who are confident in their skills. It is appropriate for experienced first aiders, health care professionals and those who update their skills regularly, not for beginners

Factor to Consider:

Students attending course will be required to demonstrate their physical ability to perform at least 2 minutes of uninterrupted CPR on an adult manikin placed on the floor to meet the performance criteria for assessment.

If you are unsure whether your limitation will affect your ability to complete the course, please contact customer service on 1300 336 613 to discuss prior to booking.
